

Care kits for beginners and all fans of compact packages

Sea Salt

Bacteria

Minerals

Analysis

Basic Care 01

For fish only – marine aquarium
high carbonate hardness, strong buffer

Pharmaceutically pure sea salt
with all major, minor and trace
elements of natural seawater

Tropic Marin®
Classic Sea Salt

Carbon Dosing Powder
promotes growth
of natural beneficial
bacterial flora

Tropic Marin®
Reef Actif

Nitrifying and
probiotic bacteria
strengthens the immune
systems of fish and shrimp

Tropic Marin®
Nitribiotic

Test Set
measuring all the
important data

Tropic Marin®
Compact Lab

Basic Care 02

Separate additives – more control

Pharmaceutically pure sea salt
with all major, minor and trace
elements of natural seawater
+ more calcium & magnesium

Tropic Marin®
Pro-Reef Sea Salt

Carbon Dosing Powder
promotes growth
of natural beneficial
bacterial flora

Tropic Marin®
Reef Actif

Nitrifying and
probiotic bacteria
strengthens the immune
systems of fish and shrimp

Tropic Marin®
Nitribiotic

Minerals
supplies all the
minerals corals need

Tropic Marin®
All-For-Reef

Test Set
measuring all the
important data

Tropic Marin®
Compact Lab

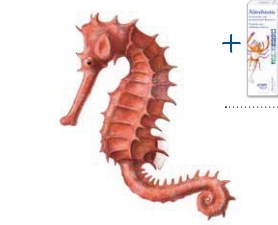

Basic Care 03

Easy application –
carefree carbon dosing

Pharmaceutically pure sea salt
with all major, minor and trace
elements of natural seawater
+ more calcium & magnesium
+ carbon dosing for beneficial bacteria

Tropic Marin® Bio-Actif Sea Salt

Nitrifying and
probiotic bacteria
strengthens the immune
systems of fish and shrimp

Tropic Marin®
Nitribiotic

Minerals
supplies all the
minerals corals need

Tropic Marin®
All-For-Reef

Test Set
measuring all the
important data

Tropic Marin®
Compact Lab

Basic Care 04

Easiest application –
most additives included

Pharmaceutically pure sea salt
with all major, minor and trace
elements of natural seawater
+ more calcium & magnesium
+ carbon dosing for beneficial bacteria
+ nitrifying and probiotic bacteria

Tropic Marin® Syn-Biotic Sea Salt

Minerals
supplies all the
minerals corals need

Tropic Marin®
All-For-Reef

Test Set
measuring all the
important data

Tropic Marin®
Compact Lab

Products for professionals

Food

Minerals & Trace Elements

To promote growth of stony corals

Calcium and carbonate hardness
in one highly concentrated product

Tropic Marin® Carbo-Calcium – Powder
Tropic Marin® Carbo-Calcium,
liquid, easy dosage

Calcium and carbonate hardness
the original 3-part
Balling method

Tropic Marin® Original Balling
Components A, B and C
powders, very economical

Tropic Marin® Original Balling
Liquid Set A, B and C
liquid, easy dosage

Raising the carbonate hardness
the ocean's natural buffer system

Tropic Marin® Triple Buffer
powders, very economical

Tropic Marin® Liquid Buffer
liquid, easy dosage

Raising the strontium level
needed for growth of stony corals

Tropic Marin® Bio-Strontium
powders, very economical

To promote the growth of purple coralline algae & corals

Maintains the magnesium level
important for Ca adsorption

Tropic Marin® Bio-Magnesium
powders, very economical

Tropic Marin® Bio-Magnesium Liquid
liquid, easy dosage

For hardy fish and strong shells

Trace element iodine
easy to use Lugol's solution (not available in USA)

Tropic Marin® Iod
liquid, with pipette for dosing

For brilliantly coloured corals

Potassium
easy to use solution

Tropic Marin® Potassium
liquid, easy dosage

For strong, bright invertebrates

Trace elements
all trace elements found in natural seawater

Tropic Marin® Pro-Coral Mineral
powders, very economical

Trace elements
replenishes the essential trace elements

Tropic Marin® A Elements and K⁺ Elements
liquid, easy dosage

Nutrient Controls

For fish only and reef aquariums

Phosphate reduction
high capacity, long-lasting Granular
Ferric Oxide (GFO)

Tropic Marin® Elimi-Phos Longlife
solid granules

Phosphate reduction
fast acting concentrated solution
to lower phosphate levels

Tropic Marin® Elimi-Phos Rapid
liquid, easy dosage

Carbon Dosing Liquid
promotes growth of natural beneficial
flora, accelerated nitrate/phosphate reduction

Tropic Marin® Elimi-NP
liquid, easy dosage

For reef aquariums

Carbon Dosing Liquid with increased
nitrogen/phosphates
for nutritionally deficient systems

Tropic Marin® Plus-NP
liquid, easy dosage

Carbon Dosing Liquid with additional
nitrogen/phosphates
for maintenance and mild nitrate/phosphate
reduction

Tropic Marin® NP-Bacto-Balance
liquid, easy dosage

For a clear view

Removes the causes of cloudy water
and eliminates gelbstoff
high-performance activated carbon

Tropic Marin® Carbon
solid granules

Filter materials for reactors

Carbon dosing pellets to reduce
phosphates and nitrates
for fluidized bed reactors

Tropic Marin® NP-Bacto-Pellets
biodegradable Pellets

Carbon dosing trickle media to reduce
phosphates and nitrates
for aerated trickle filters

Tropic Marin® NP-Bacto-Tricks
biodegradable trickle elements

Universal trickle filter for nutrient reduction
for use with the NP-Bacto-Tricks

Tropic Marin® Bio-Actif-Reactor 5000

Analysis & Accessories

Test kits for fish only and reef aquariums

To measure the pH value

Tropic Marin® pH-Test

To measure the carbonate hardness
alkalinity

Tropic Marin® KH-Test

To measure the concentration
of phosphates

Tropic Marin® PO₄-Test

To measure the concentration
of nitrites and nitrates

Tropic Marin® NO₂/NO₃-Test

To measure the concentration
of ammonium and ammonia

Tropic Marin® NH₄⁺/NH₃-Test

Higher resolution test kits for advanced aquarist

To measure the carbonate
hardness
alkalinity

Tropic Marin® KH-Test Professional

To measure phosphate
concentration

Tropic Marin® PO₄-Test Professional

To measure nitrite and nitrate
concentrations

Tropic Marin® NO₂/NO₃-Test
Professional

To measure calcium and
magnesium concentrations

Tropic Marin® Ca/Mg-Test Professional

To measure potassium
concentration

Tropic Marin® K⁺-Test Professional

Devices to determine salinity

Measurement of specific gravity
an exact measurement of the salinity

Tropic Marin® hydrometer
Tropic Marin® Measuring Cylinder

Food for filter feeders

Food for stony corals

Tropic Marin® Zooton
powders, fine grains

Tropic Marin® Zootonic
liquid, easy dosage

Food for soft corals and clams

Tropic Marin® Phytton
powders, superfine grains

Tropic Marin® Phyttonic
liquid, easy dosage

Food for saltwater fish

Universal fish food

Tropic Marin® O-Megavital
granulate, various grain sizes

Food for fish that feed on algae

Tropic Marin® O-Megavital Nori
flakes, medium sized

Food for young fish and filter feeders

Tropic Marin® O-Megavital-Micro
granulate, fine grains

Universal food supplement for fish

Tropic Marin® Lipo-Garlic
oil, easy dosage
